

# Improve Access to Care with the SmileMobile

The SmileMobile program has volunteer opportunities for dental providers looking to give back to their community. **Earn free CDEs for your time—up to 7 for dentists and up to 5 for hygienists.**

## Services Offered

The SmileMobile travels the state year-round, providing:

- Exams and oral health education.
- Fluoride varnish and Silver Diamine Fluoride.
- Sealants.
- Fillings.
- X-rays.
- Simple extractions.
- Referrals to DentistLink and the Access to Baby and Child Dentistry (ABCD) program.

**Over 46,00 patients have been examined and treated in communities across Washington.**

*“The SmileMobile has touched many lives in our community, brightening smiles in both students and adults in need. The SmileMobile is a valuable partner to help people with their oral health.”*

*Matthew Holshouser, Principal, Forks Elementary School*

## About the SmileMobile

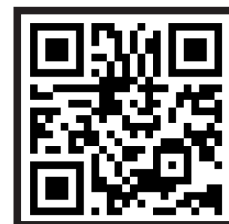

For over 25 years, the SmileMobile team has offered a warm and inviting environment to ensure individuals and families have a positive dental experience.

This modern three-chair mobile dental van provides oral health services to youth from baby to age 21, pregnant/postpartum people, and adults (at designated clinics)—community members who have limited options for dental care, are facing barriers, and often do not know how to find dental resources.

To learn more about volunteering on the SmileMobile, contact Karri Amundson, Senior Program Officer, at **206-276-1620** or [kamundson@arcorafoundation.org](mailto:kamundson@arcorafoundation.org).

**Operated by Arcora Foundation:** Arcora Foundation advances oral health across Washington state. We are the foundation of Delta Dental of Washington, and the state’s largest foundation dedicated to this cause. We center our work in equity to achieve good oral health for all. Through partnerships, we focus our prevention and access priorities on racial and ethnic communities—specifically Black, Indigenous, and People of Color—where disparities in oral disease and access to care are significant. Our mission is in our name: bending the arc of oral health toward equity. Learn more at [ArcoraFoundation.org](https://ArcoraFoundation.org).
